Notes from SM West Student Services

HOW CAN I HELP MY STUDENT AT HOME?

Parents, last week in seminar, our students learned a strategy called "WOOP" (WISH, OUTCOME, OBSTACLE, PLAN). This is a method for them to set goals, imagine what the desired outcome would be, identify obstacles that might get in the way and set a plan to move forward. They can use this for school, home or work. You can support your student by asking how he/she plans to use this throughout the semester. Let's

encourage them to take action early on and feel a sense of accomplishment.

You Viking social workers,

Mary Lea Kieffer & Donna Holmes

HOW CAN YOU GET UPDATES FROM SMSD - Emergencies/Snow Days... etc

With winter weather season upon us, there may be days when district administration calls for a snow day due to inclement weather. The BEST way to be informed is to sign up for automatic alerts.

Shawnee Mission School District Alerts

The Shawnee Mission School District has a comprehensive communication platform that allows parents to receive communication in a variety of ways: phone calls, text-alerts, and e-mails. Families can sign up to receive alerts in the manner that works best for them.

Alerts may include: Emergency messages, school closings, early dismissals, attendance information, and announcements from a school.

- For family members to receive phone calls and emails, parent/guardian contact information must be up-to-date in Skyward. Please go to the [Skyward Family Access Portal](#) and make those changes on the Student Info tab.
- Once the contact information is up-to-date in the Skyward Family Access Portal, to receive text messages, parents/guardians will need to opt-in by texting **Y** to **67587**.

For more information about the Health Partnership Clinic, or to schedule a medical appointment, Shawnee Mission School District parents should call 913-648-2266. [More information also is available here.](#)

Services will include:

Physical exams

Sports physicals

Immunizations, including vaccines for COVID-19

COVID testing

Age-appropriate health screenings

Preventative education

Referrals to specialty services

Sick visits

Management of acute and chronic problems and mental health services

Dental Care including screenings, fluorides, and restorative care

Most insurance plans are accepted, including KanCare/Medicaid. As a community health center, HPC offers a sliding-fee discount program which is based on income and household size. Fees are waived for students experiencing homelessness. Free medicaid and Marketplace insurance enrollment will also be available.

"The idea is to break down barriers to health care," Shelby Rebeck, health services director for the Shawnee Mission School District shared. "Barriers for many of our students include low income, lack of knowledge, lack of transportation and parents'/guardians' inability to take time away from hourly jobs. Health Partnership provides a tremendous opportunity for our students to receive critical health care so they can be successful in school."

The clinic offers pediatric-focused care to treat most health conditions that affect children and adolescents, Amy Falk, HPC's chief executive officer shared.

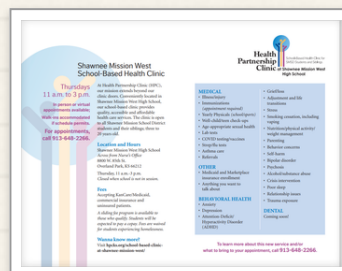

"We basically function as a doctor's office, but in a school building," Falk noted. "Services are available in person or virtual, and walk-ins will be accommodated if the schedule permits. The primary goal is to provide easy, immediate access to quality and affordable health care."

The goal is to serve as a medical home for students and offer an additional access point to primary care, Wael S. Mourad, MD, MHCM, FAAFP, and HPC's chief health officer, shared.

“Beyond a focus on primary health care, it is important we meet the social and emotional needs of children and adolescents to help them reach their individual potential,” Mourad added.

The clinic will open across from the nurse’s office at SM West. “The Shawnee Mission School District and Health Partnership Clinic are an example of how two organizations can come together to help improve the lives of children,” says Steve Loe, principal of Shawnee Mission West High School. “The school-based health clinic will greatly expand the resources of our school nurse and social worker and help support our goal to have every student succeed.”

If your student has an issue with technology we ask that you FIRST try to do some independent problem solving.

Español:

El 16 de agosto, el personal y los voluntarios distribuyeron MacBooks a los estudiantes. Si su estudiante no recibió un MacBook, por favor sea paciente. Si su estudiante tiene un problema con la tecnología, le pedimos que PRIMERO intente resolver algunos problemas de forma independiente.

Canvas

Canvas is an educational and information portal that our teachers use to post assignments, curriculum content, calendars...and more. All students will have a Canvas Portal that will house the pages from their teachers. Parents can also sign up as an Observer in Canvas. Observers can link their Canvas account to their student's account so they can see assignment due dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

The smsd.org website has a tremendous amount of information and guides to help parents learn more about Canvas.

Food Service Announcement

Food Service welcomes every student to enjoy FREE school breakfast and lunch for the 2021-22 school year.

Once again, the United States Department of Agriculture (USDA) has put into effect nationwide waivers allowing school food service departments to continue to serve healthy school meal options free to all students.

There are no Free & Reduced Meal Applications for 2021-22 school year since meals are FREE for all students.

Families are encouraged to complete a Household Economic Survey (HES) as part of the Parent Online Verification available on Skyward sometime in July. The purpose of the HES form is to assist families and our district in the upcoming year.

- Even though all students will be able to eat breakfast and lunch at no cost this year, the HES form generates additional state funds for our schools.
- If your family qualifies, the district will receive funds to help support programs providing additional support for learners with a variety of needs.
- Additionally, qualifying on the HES provides other benefits to families which may include free/reduced transportation fees and preK enrollment. If families do not complete the HES, State funding for our school district may be reduced.
- **Do not complete the HES form if you are Directly Certified to receive free meals.** If you receive state assistance, call the SMSD Food Service office before completing the HES form.

Eligibility determination will be made according to the guidelines established by the Kansas Department of Education. Please contact the SMSD Food Service office with any questions.
